

**Community Ideas**

**Strategic Priority - High Performing Organization**

Have better support from school offices

Run schools more like businesses than gov't monopolies, agencies - competitive like charter schools and private schools

Reinvent view of Education and schools if not working

Measurable goals in strategic plan and who is accountable

Adequate funding/utilization of existing community resources

Adequate budget - community partnerships

Accountability has to be for the student's success--not union-driven or special interest. ALL Students # 1 priority.

Use a business model to move schools toward excellence. Involve parents and community members in fundraising and giving back.

More fluid communication between schools and community. Increased transparency. Provide avenues to allow others to research and be involved in solving issues Local leadership to support PUSD.

Bus transportation (like in prior years) to help with student attendance/ADA
