

Community Ideas

Parent Engagement

Engage/involve parent

Engaging with parents to get them to help, volunteer. School needs to include as part of curriculum (require; improve if not able to require)

Make middle/high schools more accessible for parent involvement (better systems)

Strong parent involvement team keep in mind that students are not going to neighborhood schools

Better mode of communication between parents, schools, businesses (everyone on the same page - Homework, website, libraries access, etc)

Have a strong teamwork of parents, teachers and directors to work in conjunction with the students

Better engagement and communication between teachers and parents

Parent education "The Parent Project" needs to be adopted by PUSD School Board

Parent support

Respect parents-esp administrators

Parent advocacy groups, pool resources for one black parent groups

Support for parents, esp. for parents who don't speak English

Parent involvement/education/support and empowerment

Dialogue between parents (small interactions, information sharing between among parents)

More parental involvement with flexible times for parents who work. Get out into the homes and into the community to reach students.

Start an African American group across the District so that African

American parents can be more involved and not marginalized and more connected
