

Community Ideas	
Strategic Priority - Partnerships	
Partnerships - business and volunteers	More collaboration between college professors and teachers
Partnership with other institutions (business, industrials, college, etc.)	Rely on and involve community more, especially partnerships with IHEs. Connect with colleges to support students ESPECIALLY PCC
Schools, Community, Family	Educate community re: value of public education. More community ownership
Support from community	More support and funds for programs like APPLE, TIA, etc.
Partnerships with industry, civic and cultural organizations	Business partnerships to teach students vocational (e.g. Chefs from Huntington, Math classes, etc.)
Relationships with local businesses	Changing institutional culture - faculty etc. 21st century student
Adapt models i.e. Junior Achievement and 4H	Intensive community partners - cross curriculum - internships and research
Community- patience understanding respect, acceptance	Schools linking with community, churches, families (i.e. tutoring and other services)
Community members can volunteer (reading to small groups of students, etc)	Fund with money from businesses and churches (e.g. Black HX--PUSD has not educated theme re: Malcolm, MLK, etc.
Co-op program - students can go to a place of business to put their learning into practice (linked to CBI/transition program)	Set up internships with businesses, schools, caltech, JPL
Providing adult mentors to students at school sites	
Clergy can adopt schools where they can provide resources and should be adopted by PUSD School Board	
College students talking to middle and High School Students	
Be strategic about "ask list" from business and specific	
Community understands that it should invest in schools
